Call for Papers

2nd International Conference of Sustainable Earth Resources Engineering 2022 (SERiES 2022)
18 - 20 October 2022, Langkawi, MALAYSIA

Theme: "Exploring Future Sustainable Earth Resources and Engineering Technologies"

The 2nd International Conference of Sustainable Earth Resources Engineering 2022 (SERiES 2022) is the second edition of the conference organized by the Centre for Sustainability of Ecosystem & Earth Resources (Earth Centre), Universiti Malaysia Pahang (UMP), Malaysia. We are glad to inform that this edition of SERiES 2022 will be held along with the 17th Regional Geoscience Congress of Southeast Asia (XVII GEOSEA 2022). SERiES 2022 will provide a stimulating forum for scientists, engineers, educators, environmentalists and students from all over the world to disseminate their new research findings and exchange information on emerging areas of research in the emerging fields of materials construction, water and minerals. SERiES 2022 will also serve as a platform for the participants to get in touch with their peers who share similar research interests.

Scholar, Researcher, Government Regulator, Corporation and Students are invited to submit abstract(s) before the deadline & participate in the 2nd International Conference of Sustainable Earth Resources Engineering 2022 (SERiES 2022).

The Scope of SERiES 2022

- Sustainable Structures and Materials
- Sustainable Mining and Mineral Processing
- Sustainable Metallurgical Engineering
- Environmental and Water Resources
- Sustainable Coastal and Offshore Engineering
Publication Opportunity

Selected papers will be published in *Environmental Science and Pollution Research* (Scopus-Indexed, Q1), *Bulletin of The Geological Society of Malaysia* (Scopus-Indexed, Q2) and *AIP Conference Proceedings* (Scopus-Indexed). The final decision for publication lies with the journal editor.
